As proposed by the Secretary of the Governing Body of Bahona College and the Principal of the College, the meeting of the Governing Body has passed the proposal that each year during the admission process of the 1st Semester, the individual departments may increase their sanctioned intake on the basis of their need, convenience and discretion, i.e. the total intake of the college for the 1st Semester may increase from the current 330. The number of seats earmarked for the reserved categories shall increase proportionately. However, under no circumstances the number of total sanctioned seats shall exceed the teacher-student ratio as decided by University Grants Commission.

As per the discussion held with the HoDs of individual departments, it has been found that –

- There is a disproportionate demand for certain programmes in comparison to the rest.
- In certain programmes, students leave the programme after enrolling, especially to join professional programmes.

In order to resolve the two aforementioned issues, the departments may increase their intake capacity/number of sanctioned seats during the time of admission as per their convenience and discretion. The number of seats earmarked for the reserved categories shall increase proportionately. However, the total number of students admitted to the institute shall not violate the UGC norms for student teacher ratio.
