No.	Major Issues Raised by Students during Mentoring Sessions	Actions Taken	Status (Resolved/In Process/ Referred)
1.	Final semester students asked for guidance in regard to future career and higher education.	Students are advised to consult the Career Counselling Cell for discussion regarding career prospects. The Dept regularly mentors students for entrance examinations of different universities.	Resolved.
2.	Many students sought guidance concerning the methodology and logistics of the online examination process [due to pandemic induced lockdown].	Students were familiarised with the Information and Communication Technology [ICT] required for appearing in the final examinations to be conducted on online mode.	Resolved.
3.	Many students suggested visiting places of historical and cultural importance or heritage sites [as excursions] in order to complement the teaching-learning process.	The issue shall be raised with other faculty of the Dept to conduct field-trips/excursions for the students to heritage sites.	Referred.
4.	Many students stated that there is a paucity of textbooks in Assamese medium. As the majority of the students are from Assamese medium, this creates learning hindrances.	The Dept shall procure more textbooks and reference books in Assamese for the students, and shall also forward the issue to the College Library.	Referred.
5.	Many students stated that they need assistance in communication skills.	The faculty shall mentor students to hone their communication skills. The faculty shall use bilingual instruction methods, and gradual acclimatisation and immersion to English language for students.	Resolved.

1. Name of the Mentor: Dr. Himanshu Rajbongshi
2. Designation: Assistant Professor
3. Department: Physics
4. Date of Joining the College: 26.02.2022

No.	Major Issues Raised by Students during Mentoring Sessions	Actions Taken	Status (Resolved/In Process/ Referred)
1.	Students asked about the future prospects of Physics in their career.	During the first few meetings with my mentee, I used to ask them questions about their desired path and additional questions that make them think about their current position either does or does not align with that path. After getting their responses, I discussed various prospects and opportunities in the career of Physics.	In Process
2.	Students asked about the M.Sc courses and they always get to know where and how they can enrol their M.Sc in Physics	I discussed about the course structure of M.Sc programme offered by various Universities and IITs around the country and try to get motivated the mentees to do M.Sc in Physics. At the same time I also discussed about the various kinds of specializations of M.Sc Physics and their importance in career advancement as well as in the research field. I used to provide the information about the entrance examination for M.Sc Physics conducted by Central Universities, IIT's (JAM) and State Universities. The syllabus, sample as well as previous year questions papers of Entrance Examination are being provided to the mentees so that they get familiar with the pattern.	In Process
3.	Students asked about the internship programme, summer training programme and poster competitions	Individual mentee was encouraged to apply for internship programme, summer training programme and poster competitions organized by various institutions. They get provided the links of the information throughout the academic year. Mentees were guided how to prepare a good poster of physics related topics.	Resolved

	the topic selection of seminars	Individual mentee was properly guided to select the topic of departmental seminar presentation and simultaneously the presentations made by the mentees were checked and corrected whenever needed before their presentation.	Resolved
5.	Orientation about the end semester final examination	The mentees were orientated about the question patterns of end semester final examination. Previous year question papers were thoroughly discussed among the mentees.	Resolved
6.	Solution of unsolved problems	Mentees asked about some unsolved problems or doubts of their academic course and these difficulties were tackled by providing some reference books, youtube links etc.	Resolved

1. Name of the Mentor: Dr Aishawnyia Sharma  
2. Designation: Assistant Professor  
3. Date of Joining the College: 12.12.2020

Department: Physics

No.	Major Issues Raised by Students during Mentoring Sessions	Actions Taken	Status (Resolved/In Process/ Referred)
1.	On career prospects	Career counselling is often done in the department both on individual and group levels. Many times, the department organizes talks to familiarize the students with different topics as well as to motivate them.	Resolved. The students have shown progress by qualifying national level entrances, internship programs, and participating and winning state-level competitions.
2.	Academic queries	Doubts are cleared either by individual and class explanation. Notes, books, youtube links are shared with the students on requirement.	Resolved
3.	Personal issues. Some students go through stress, depression due to various reasons such as financial, health related issues etc.	We try to provide an environment in the department so that the students can trust and share their problems with us. And so far, many students have opened up to us. We try to motivate them by sharing our as well as others experiences. The students are made aware of the benefits of different healthy practices such as yoga, exercises, gardening, learning new skill etc. Many times, we have provided financial assistance to the needy students both on departmental as well as personal level. ### Departmental Proceedings/Records of Mentoring Sessions Regarding Issues Raised by Students and their Resolution Regarding Issues Raised by Students and their Resolution

16<sup>th</sup> May 2015

07 Wednesday 2015

MENTEE	Session	Topic	Remarks
Shreya Jaisankar	2:15-3:40	Course related	III
Shashini Dutta	2:15-3:00	Related	III
Rishu Sarma	2:15-3:00		III

(Group activity)

MENTOR'S COMMENTS:

① Shreya is sharp. Should go for higher education. Will make a good teacher.

② Shashini is exceptionally intelligent and insightful for her age. Slightly misfit in the group (Too urban). Still most issues still will do well in a non-literature subject.

③ Rishu is shy, introvert. Same with good skills but not being able to keep up his oral extra help.

There are two ways of spreading light: to be the candle, or the mirror that reflects it.

Note - This was the first mentoring session after my joining where I introduced myself with the students to make them more friendly with me. After discussing different random topics & making them more friendly they started opening up slowly where numerous personal problems were and their views and perspective of life were discussed. They also enquired about me. Also random topics like COVID-19, vaccination & animal rights were discussed. Random topics of their interests were also taken care of. The past issues they faced were also discussed like problems with online classes and how can those problems be tackled.
