**Talk on Space Exploration: Indian Science by Dr. Jitendranath Goswami**

### Report on Speech by Dr.Jitendranath Goswami on Space Exploration: Indian Science

Dr.Jitendranath Goswami, Eminent Indian Scientist, delivered a speech at Bahona College, Jorhat on 16.09.2016 on the occasion of Golden Jubilee Celebration of Bahona College. He spoke about the success story of Chandrayaan-1 and added a line "After successful mission of Chandrayan-1, Indian Space Science has grown up with confidence and new ideas and innovations are developing among the Indian Space Scientists. The Assam Pride, Dr. Goswami motivated the students by saying "successful mission of Chandrayan-1 has set up an example to all that nothing is impossible if you desire to do so. Dr. Goswami remembered about the contribution of Indian Space Scientist Vikram Sarabhai and told that successful mission of Chandrayan would fulfil his dreams to some extent. He also poignantly pointed out that after first launching of satellite "Aryabhata" on 19<sup>th</sup> April, 1975, India has launched 11 satellites from 1995 to 2005 alone and 9 satellites with the help of other countries. He also pointed out that Indian Space organization "ISRO" has launched 31 satellites since 2005 and yearly 6 satellites have been launched already.

The speech was attended by around 45 faculties and 160 students from Bahona College and neighbourhood schools. This was followed by an attractive interaction session with faculties and students. Dr. Gopal Hazarika, Associate Professor of Dept. of Physics, Bahona College, offered vote of thanks at the end of the program.

### Report on Special Lecture Programme

Organized by Department of Political Science

Department of Political Science, Bahona College organized a Special Lecture Programme on 20th January, 2018. Mofidur Rohman, Research Scholar of Guwahati University attended the programme as Resource person. Mofidur Rohman delivered lectures on two themes. These are-

- 1) Changing Trends in Indian Politics: An analysis from Congress era to Modi Regime
- 2) Social Media and Its impact on Youth

Session 1: Rohman, in his 1st lecture highlighted the changing trends in Indian Politics. Here he highlighted the changes in national as well as in state level where in early days of independence Congress was the only dominant party and how it has changed to a party with only 50 odd seats.

Session 2: The second theme was on the impact of Social Media on Youth. Rohman said that social media is a tool which will help the youth in India in bringing change to the society. However, we often misuse social media. Rohman said the proper use of social media will help us in making our life and our nation better.

The sessions were chaired by Binoda Bora of the Economics department. Total 78 students of the department participated in the Special lecture programme.

The department of Mathematics, Bahona College and Indian National Science Academy Bahadur Shah Zafar Marg, New Delhi organized a guest Lecture on the title "Story of Real Numbers" as a part of INSA Remote Lecture on 29<sup>th</sup> January, 2019 at Bahona College, Jorhat, Assam. This program of INSA encourages and enables its Fellows to deliver Popular Science Lectures to students and teachers of schools and colleges in the remotest/rural non-metro areas.  
The Guest lecture commenced at 11am with the welcome address by Dr. P. K. Dutta, principal, Bahona College, Jorhat, Assam. The Guest Speaker was Prof. Pratulananda Das, INSA Teacher Awardee 2017 and professor of Department of Mathematics, Jadavpur University, West Bengal.  
Prof. Pratulananda Das began his speech by saying that mathematics is the language of nature- to understand and study nature which is complicated and unpredictable, skill of mathematics is required. He explained how topics in mathematics are related to nature. He said mathematical training develops analytical thinking as it disciplines the mind to solve problems, which require planning and action.  
The definition of Real Number, history of real number and application were interpreted with examples. Maxima and minima concept in real life situations were explained. Prof. P. Das concluded his speech saying that mathematics has to be studied with understanding as it provides a wide range of opportunities.

Prof. Tarasankar Pal, IIT Kharagpur, delivered a speech on the topic **“Interaction of Light with Matter”** on 26<sup>th</sup> February, 2019, at the Arts Seminar Hall. The program was organized by Department of Chemistry, Bahona College. Dr. Parinita Baruah, HoD of Chemistry offered a short introduction of Prof. Tarasankar Pal and he was felicitated with a gamucha. Dr. P.K. Dutta, Principal of the college offered a brief welcome speech.

In his speech, Prof. Tarasankar Pal talked about the basic concepts of electromagnetic wave as well as light. He elaborately talked how light interacts with matter and the consequences of the interaction. In this talk, he briefly explained that light-matter interactions are fundamentally quantum electrodynamical and in many cases, are described as quantum transitions by electrons, accompanied by the emission, absorption or scattering of quanta of the electromagnetic field in vacuum (photons). Prof. Tarasankar Pal also gave some ideas to the participants about his research fields and the research done so far. At the end of his speech, faculties and students interacted with him and he nicely addressed all the queries and questions raised from the participants.

The speech was attended by around 65 students and 34 faculties. Dr Digonita Prasad Gogoi, Assistant professor of Dept. of Physics, Bahona College, offered vote of thanks at the end of the program.

A few photographs of the program are attached.

REPORT OF POPULAR SCIENCE TALK  
DATE: 28/2/2019

On the occasion of the National Science Day, a popular talk was organized by the department of Physics, Bahona College on 28<sup>th</sup> February, 2019 at the Seminar Hall of New Arts Building. The Meeting was presided over by Gopal Hazarika, Head, department of Physics. The objective of the meeting was stated by Dr Sumbit Chaitua. The meeting was inaugurated by Dr Prasanna Kr Datta, Principal, Bahona College. Dr Mohura Nati Bora, Associate Professor, D R College, Golaghat, was invited as resource person. He delivered a talk on the topic "Nanoscience and Its Applications". He discussed about development and history of Nanoscience from earlier age to present day. He also discussed on nanoscience observed in nature. After discussing the advantages of nano technology, he discussed the applications of nanotechnology from daily life to medical science. In the interaction session, students asked different questions on the topic discussed and Dr Bora replied the questions.

In the meeting MaJenna Das, retd Head, department of Physics was present as invited guest and all the teachers of Bahona College and 30 students were participated in the meeting. After the talk prizes of the Quiz competition held on 27<sup>th</sup> February, 2019 were distributed by the invited guest and resource person. Mr Gopal Hazarika, chairperson of the meeting concluded the session and Diganta Pd Gogoi offered vote of thanks to guests, resource person and all participants.

Expectations and Ways Forward

No. of Participant: 57

Date: 14.08.2019

IQAC, Bahona College on 14th August 2019 organised a workshop on New Education Policy. Dr. Parash Goswami, District Program Officer, SSA, Assam attended the programme as the Resource Person. Dr. P.K. Dutta, Principal of Bahona College welcomed the Resource Person to the college and officially inaugurated the Workshop with his inaugural speech. Dr. Rofique Ahmed, Coordinator, IQAC gave a brief idea of New Education Policy. He also introduced the Resource Person and said that we are looking at the changes this New Education Policy may bring in and how institutions like Bahona College should prepare to adopt this.

Dr. Parash Goswami discussed different education policies India adopted since the 1950s and also highlighted the timeframe it took in its implementation. Dr. Goswami said that the present Education Policy is framed considering the future of India. The government of India wants to develop India as a world leader of education by the 2030s and also wants to create India land of skilled persons. Therefore, this policy gives importance on skill education, multidisciplinary learning, use of technology etc. He also said that this new education policy is an attempt to revive the old heritage of India. Therefore, the policy has given enough weightage to ancient knowledge of India.

Dr. Parash Goswami said that present infrastructure is not developed and equipped enough to adopt the new education policy and India may need to wait a few more years for implementing the policy. However, he also said that there is an urgent need to introduce the new education policy. He said that the government needs to increase its budget share in the education sector for proper and timely implementation of the policy.

The teaching staff interacted with the Resource Person after his deliberation. They wanted to know the changes college may experience with the New Education Policy. Dr. Goswami said that the degree courses will become a four year course. There will not be streams like Arts, Science or Commerce. Teachers wanted to know about infrastructure support from government to colleges for introducing the new policy. Dr. Goswami said that the government must spend huge amounts for upgrading the educational institution. More CSR, more collaboration, industry linkage, revenue generation of colleges will help colleges in upgrading the infrastructure.

Amarjyoti Bharali, Secretary of Teachers Unit offered vote of thanks to the Resource Person for his deliberation and interaction. The programme was attended by 57 teaching and non teaching staff of the college.

### Special camping programmes:

NSS, Bahona College has organized one special camping programme. The theme of this year's Special Camp was "Leadership Development Programme". The Camp was held at College Campus, Jorhat, from 10<sup>th</sup> September, 2019 to 16<sup>th</sup> September, 2019. Total 50 NSS volunteers attended the Special Camping Programme.

While organizing these activities, NSS took help from different other organizations, cell and communities of Bahona College. NSS also collaborated with other NGOs and societies while organizing these activities. Few programmes and activities were funded by different bodies of the college and by district authorities. For example, Yoga day was celebrated in collaboration with NCC, Environment Day was celebrated in collaboration with Community extension cell, and World Earth Day was celebrated in association with Bahona Science Society. College authority has helped in arranging the cleaning drives.

Day 1: Sunday, 6 June 2021 - 6:30 pm - 7:30 pm

Topic: "Mobile Apps for Online Teaching"

Total participants: 30+

Opening remark and welcome address were given on behalf of Academic Development Cell, under Internal Quality Assurance Cell - IQAC, Bahona College, Jorhat, Assam, India by workshop moderator Mr. Bhupinder Dey (Assistant Professor, Department of Botany, Bahona College, Jorhat). After the welcome address, Dr. Prasanna Kumar Dutta (Principal, Bahona College, Jorhat) was invited to formally inaugurate the workshop. In his short introductory note, he mentioned the objectives and expectations of the workshop following the official announcement of workshop initiation for the participants.

The objectives of the Day 1 workshop were defined as follows:

1. Explain the current scenario of the online mode of education.
2. Provide guidance to the faculty participants, through hands-on examples, on how to utilize popular computer tools and mobile applications for imparting classes and disseminating course materials to the students through online mode.
3. Provide guidance to the student participants, through hands-on examples, on how to utilize various available computer tools and mobile applications for attending classes and communicating with teachers.
4. To establish and strengthen the coordination mechanisms among stakeholders for the implementation of online classes in the college.
5. Identify the key steps in the preparation of student's self-learning facilities to complete the course curriculum on time.

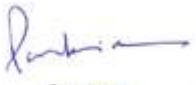

06/06/2021

In Day 1 module, the presentation on the topic "Mobile Apps for Online Teaching" was given by Dr. Pankaj Bora, Assistant Professor, Department of Political Sciences, Bahona College, Jorhat. The participants were introduced to the different sources of self-learning facilities which provide comprehensive and consistent e-resources for equipping oneself with the required knowledge. Dr. Bora recognized College Website, Library E-resources and outside college (YouTube, Byjus, Unacademy, KKHSD, IGNOU website, Google) as potential sources of self-learning for the students. He began by introducing College Website as the source of self-learning and talked about further steps to be taken for making it a viable e-

platform for students. Library E-resources includes INFLIBNET which provides unlimited access to Books and Journals from around the world and thus greatly widens the knowledge base among the readers. YouTube is the largest platform of video resources on diverse topics of academic interest and the free to access service makes it useful for both learners and educators. Among the paid services, Byjus and Unacademy were mentioned for their student oriented specific resources and online teaching facilities. Due to the high registration fees levied by Byjus and Unacademy to the users, Dr. Bora stressed on using their free to access study materials on syllabus topics available in simple google search. Google search engine enables users to look for things in different languages from vast data available on the internet. The websites of Open University namely KIOSOU and KNOOU websites were also mentioned specifically for freely available notes on course wise topics. Dr. Bora also specifically mentioned Wikipedia and Wikispeedia as less reliable source of information as these website topics are freely editable by any author with internet access.

Application for online classes via WhatsApp, Google meet, Zoom, Cisco Webex, Teachmeet and Google classroom were discussed in details for these pros and cons. User data security issues related to free applications like Teachmeet were also raised.

Dr. Bora finally demonstrated the Google Classroom from both teacher and student perspective and how it provides a multi-mode e-platform for teaching, learning and assessment. The students were motivated to use screen recorder applications like apowersoft etc. for recording classes for future references.

During the Q&A session, participants namely Sewali Bhattacharjee and Jaihree Sarker raised few relevant queries regarding basic mobile applications, to which Dr. Bora explained further about online class applications.

Dr. Madhuvanti Baruah Changkakoti, (HOD) Associate Professor, Department of Assamese, Bahona College, Jorhat, made a suggestion to the Coordinator of IQAC, Bahona College, Jorhat of conducting a dedicated workshop on Google Classroom with Dr. Pankaj Bora as resource person.

In the end, Vote of Thanks was given by Mr. Dibrasak and on taking consent from Dr. Dutta (Principal, Bahona College, Jorhat), he concluded the day first of the workshop at 7:30 PM.

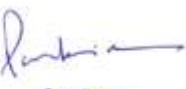

Dr. Rafiel Anam Laskar (Assistant Professor, Department of Botany, Bahona College, Jorhat) has noted and kept the record of Day 1 of the workshop from 8:30 pm to 7:30 pm.

**National level one-week online workshop on Research Methodology and Academic Publication**

#### INTRODUCTION:

Methodology forms the central and most crucial component in any research. Researchers need to be well-versed with the methodology, without which the research findings would be affected adversely. Along with methodology a researcher should be well-equipped with appropriate scientific tools for conducting a research. The use of scientific tools and software enables the researchers to conduct their research smoothly and with ease. But good research also needs to be published in reputed journals. With the mushrooming of closed and fake journals that lure the researchers with the promise of quick publication against exorbitant money. This has been degrading the field of research and publication.

In recognition to the need of raising awareness and nurturing the research and publication abilities of researchers across all disciplines, IQAC- Bahona College, Jorhat is organising the workshop titled **Research Methodology and Academic Publication: Special Focus on Use of Scientific Tools and Software (RMAP)**. Due to ongoing pandemic this workshop is scheduled to be held **ONLINE**.

The Organizing committee of the workshop has developed a blended workshop package covering research methodology for social science as well as pure science. The workshop focuses not only on the theoretical and philosophical dimensions pertaining to research but also the varied practical aspects of research that a researcher encounters during various stages of conducting research such as identifying research problem, proposal writing, literature review, selection of research methods, data analysis, use of software packages and tools, report writing, writing articles based on research, selection of journal in relevant areas of research and publishing the research work.

#### WORKSHOP CONTENT:

- (1) Introduction to Research Methodology
- (2) Use and Importance of Scientific Tools for Research
- (3) Designing a Research Plan: Key Concerns
- (4) Sampling: Methods and Techniques
- (5) Methods and Techniques of Data Collection
- (6) Secondary Sources of Data: Where and How
- (7) Use of Basic Software for Research: MS Office
- (8) Advance Software for Research: Mathematica Software
- (9) Statistical Analysis of Data using of Tools and Software: Highlights on Software 'R'
- (10) Report Writing Using Advance Software: Use of LaTeX
- (11) Academic Writing: How to Write Research Paper, Book, PhD Thesis and Report
- (12) Your Manuscript Publishers' Expectations

#### GUIDELINES FOR PARTICIPANTS:

- 1) Interested candidates are requested to pay the registration fee on or before the last date.
- 2) After paying the registration fee, applicants need to fill in the online registration form by visiting the registration link.
- 3) Applicants have to upload image copy of the Registration fee payment receipt along with transaction ID and date while submitting the online registration form.

The emphasis was on active listening and how to lead a discussion. As highlighted by the resource person a group discussion should have a starting, leading and summary. For these, the necessary communication skills need to be developed through active listening. He also stressed practicing the skills like thinking, listening and speaking as they are intricately related. He also discussed how listening is different from hearing and how by raising consciousness one can learn something new. Practice and preparation were the keys to excellent communication skills as stated by the resource person.

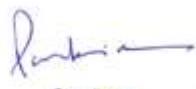

The resource person Mr Prajjal Borbera also discussed the ground rules for Group Discussion which includes but is not limited to positive thinking and finding something interesting in every discussion. Non-aggressive behaviour and handling the discussion with maturity was another ground rule for Group Discussion. He also asked the students, not to interrupt while in a group discussion and always welcome another person's view.

He also highlighted the importance of an introduction to the topic and how it should be stated loud and clear. He also stressed the importance of preparation and how identifying and grabbing opportunities that come along can be a game-changer in one's chosen career.

He advised the students to set a goal in life and keep a record of their dreams and their proposed plan of action in the next 5 years. He also stressed how self-realisation from within and discipline becomes handy in achieving one's dreams.

He ended the session with the thought on how one should have clarity between career and job and what needs to be done to prosper in the chosen career.
