### Report on Career Counseling Talk on Job Oriented Computer Courses On 18.11.2017

#### Need

Most of our students after graduation want to learn a skill based course because they come from economically backward family and want to support their families earning something else as early as possible. So, most of them get into computer based courses having easy entrance and affordable fees structure without going to in depth analysis on employable opportunities of the same. Discussion made with some employers who recruit workers with computer skill, it has been observed that in the job market there is always a lack in demand quality and supply qualities of the workers who have already completed computer courses. Different computer courses have different job opportunities. In market, if there is demand computer worker having knowledge of hands on skill in the line of printing, but there is over supply of PGDC obtainer having little knowledge on type setting and editing and the allies. This mismatch cannot meet the requirement of early job engagement. Computer knowledge for clerical job though matters, but job opportunities in this line is not at par. Some computer courses help the learners to get self-employability. On this, back drop, department of economics organized a counseling programme on job-oriented computer courses on 18.11.2017.

### Report on Motivational Speech

Department of Economics, Bahona College

Date 15.06.2019

#### Need

Bahona College is situated in a rural area, just two kilometers far from the river Brahmaputra. The feeding area of the college is economically backward and majority of the inhabitants are of reserved category or of non-creamy layer. Of all students of Bahona College, nearly ninety percent students come from this area. So, naturally they lag behind their counterparts of urban and sub-urban areas in personality development and in developing a dream for future attainment. It is a fact that a career without any future perception is just like a boat without radar. In this context the department feels that a motivational speech should be arranged along with the farewell programme that the students were going to be organized on 15.06.2019.

#### About the Speaker

Who should be the motivational speaker, discussing on this matter at departmental meeting, it has been finally decided that Dr. Achyut Akash Bora, our ex-student of 2003 batch would be the best to invite. Because he made himself what he is today is a result of big effort and struggle. Now he is working as the principal at the State Institute of Panchayat and Rural Development (SIPRD). So, he was invited when he responded positively and eagerly.

#### Working of the Session

The programme was presided over by Mrs. Binoda Bora, the Head of the Department, Economics. The first part of the programme was covered by the farewell session of outgoing students. These past three years of my graduation journey was precious indeed. Words will fall short to express how much grateful I'm to this department, our all professors, especially our respected **HOD, Gayatri Agni Bora ma'am** for the ample support she showered upon us in every circumstance. Genuinely, all the praises I heard from many of my acquaintances beforehand taking admission on how great personality, modesty and professionalism ma'am have had, made me choose this particular college. Besides supporting academically, ma'am has never failed to have amazing insights and supports in our emotional and financial vicissitudes amidst her busy schedule. She significantly encouraged us to give our best in every extracurricular activities as well and so did we with great enthusiasm. Undoubtedly, she shaped us stronger academically, emotionally and socially as a teacher cum friend with disciplines yet great affections.

Respected Sir/Madam,

I am writing this to express my sincere gratitude to all the members of Zoology department, Bahona College.

I have completed my graduation with Zoology honours in 2017 from Bahona College. Currently working as a Biology Faculty in a junior college. The Dept. Of Zoology is like our family.
